- **Website:** Remember our website is the PRIMARY mode of communication with you, the parent. Please make it a habit to visit the website daily for updates.
- **Annual Fund**- Philanthropic support through The Veritas School Annual Fund, in addition to tuition dollars provides students with a Christ centered biblically based education at The Veritas School. This unique educational experience, mentored by excellent, caring faculty, fosters an unrivaled learning environment. Your annual support of the school helps ensure that our students receive the unique combination of academic excellence and Christian character development.
 - **Our goal is to have everyone at The Veritas School participate in giving to The Annual Fund. There are two reasons for this.**
 - 1) Tuition, fees and other operating revenue cover only part of the cost of education for each of our students, leaving a per-student deficit that The Annual Fund seeks to fill.
 - 2) We hope to achieve 100% participation in making donations to The Annual Fund, given a quality track record of giving will enable TVS to seek funds from large philanthropic organizations, foundations and even individuals, who like to see strong public support from within the school.

Please consider and pray about what you and your family can give to The Veritas School Annual Fund. Your support is greatly needed and will be greatly appreciated. All donations are tax deductible.

Please see **Daniel Guthery** for more information about The Annual Fund.
